Dear Ms. Roth:

Re: Request for Schedule Extension, Terminal 91 Tank Farm Site Agreed Order No. DE 98HW-N108

This correspondence serves as official approval by the Washington State Department of Ecology (Ecology), for the schedule extension as requested in your July 11, 2003 letter. This approval only applies to an extension of the submittal date of the Terminal 91 deliverable; part 2 under the Draft Work Plan for Additional Data Collection. Part 2 will include the draft recommendations for how to proceed with determining groundwater migration from the piers at Terminal 91 to the surface waters of Elliot Bay. The new due date for this deliverable is now August 1, 2003.

If you have any questions or comments, please contact me at the Department of Ecology Northwest Regional Office by phone at (425) 649-7280 or by email at gtri461@ecy.wa.gov.

Sincerely,

Galen H. Tritt
